

PLEASE READ: For all meetings at the JFC

Effective July 1, 2020

- Do not come to the JFC if you are in self-quarantine; if you have been exposed within 14 days to anyone with confirmed or possible COVID-19; or if you feel unwell, have **fever, cough, sore throat, or shortness of breath**: call 811 for medical advice.
- Individuals are encouraged to use judgment to assess the exposure risk of public meetings, in relation to their personal risk factors.
- Please **wash your hands with soap** upon entering the building, before and after touching your face or using the washroom, and before and after consuming food.
- A **maximum of 8 people** are allowed to be present in the meeting room. Groups may choose to set a lower maximum at their discretion. In other areas of the JFC, the maximum is 3 people.
- **Bring your own mask** if possible. Use of face coverings (disposable or homemade mask) is strongly encouraged.
- Maintain a **2 meter distance** with others in the meeting room, and be sure chairs are spaced accordingly for your group.
- The kitchen areas are currently closed to uses other than handwashing/cleaning, and potlucks/food sharing are not permitted.
- Consider meeting outside of the building, including the front patio, rear deck, or garden area. Folding chairs in the entryway may be used for this purpose.
- **Keep doors and windows open for ventilation** during your meeting when possible.
- It is the responsibility of the individuals reserving the space to **wipe all chairs and surface areas with disinfectant solution**, both before and at the end of each meeting.
