

PLEASE READ: For all LLRS volunteers

Effective June 25, 2020

Until further notice, Lasqueti Last Resort volunteers must follow these guidelines:

- Volunteers who feel vulnerable or concerned about infection are discouraged from volunteering in public roles during this time.
- **Do not volunteer for the LLRS if you feel unwell, have potential exposure to COVID-19 within 14 days, or have fever, cough, sore throat, or shortness of breath** - cancel your shift and call 811 for medical advice.
- Please **wash your hands with soap** or use hand sanitizer: upon beginning your shift, before and after touching your face or using the washroom, after handling cash, and before and after consuming food.
- **Bring your own mask** if possible. Use of face coverings (disposable or homemade mask) is strongly encouraged.
- Maintain a **2 meter distance** with others at all times, with the exception of your immediate family members. Be sure chairs are spaced accordingly for any event. Post provided signage regarding social distancing prominently.
- If selling merchandise, ask customers to make their selection without touching items prior to purchase. Inform customers that all sales are final.
- When possible, conduct volunteer activities outdoors. Folding chairs may be used for this purpose.
- **Keep doors and windows open for ventilation** while inside whenever possible.
- **Wipe all chairs and surface areas with disinfecting solution**, before, during, and at the end of each activity.
